Physiatrist
Department of Medicine,
Dalhousie University/Nova Scotia Health Authority

The Department of Medicine, Dalhousie University/Nova Scotia Health Authority seeks applications for positions as an academic Physiatrist in the Division of Physical Medicine & Rehabilitation, at QEII Health Sciences Centre, Halifax, Nova Scotia. There will be the opportunity for full time (1.00 FTE) or part time (0.50 FTE) work, and we are exploring the potential for the successful part time applicant to work in private practice in the community as well in the hospital setting.

The Division of Physical Medicine & Rehabilitation is an integral part of the Department of Medicine and provides inpatient, outpatient, outreach, and telehealth services for the Nova Scotia Health Authority, as well as the Maritime Provinces.

The Division of Physical Medicine & Rehabilitation is one of 15 divisions within the Department of Medicine. In addition to playing an important clinical role in the Department, division members have excellent opportunities for collaborative educational and research endeavors with protected time for scholarly activities to ensure rewarding, fulfilling career development.

An attractive remuneration and benefits package through an alternative funding plan will apply. Nova Scotia offers exceptional cultural and recreational opportunities in addition to a high quality of life.

Candidates must hold FRCPC certification in Physical Medicine & Rehabilitation, (or equivalent specialty certification). Academic appointment ranking will be based on qualifications and experience.

All qualified candidates are encouraged to apply, however Canadians and permanent residents will be given priority. Dalhousie University is an employment equity, affirmative action employer. The University encourages applications from qualified First Nations Peoples, persons with a disability, racially visible persons and women. Interested applicants should forward their curriculum vitae and three references to:

Dr. Christine Short
Associate Professor and Head, Division of Physical Medicine & Rehabilitation
